

## New Year New Books

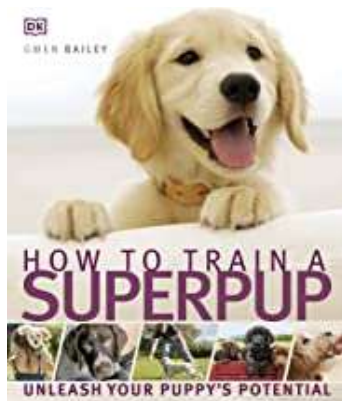

**January 2022**

Here are just some of the amazing new books that are available from the library:

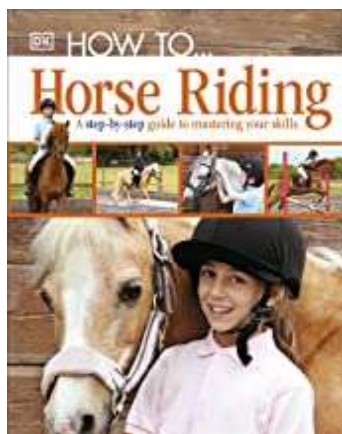

**How Dogs Work** by Daniel Tatarsky and David Humphries

A great book for a quick guide to your dog, from famous dogs to - what does wagging his tail mean? Full of illustrations and simple but interesting facts. Well worth a read for all dog fans.

**How to train a Superpup** by Gwen Bailey

Full of important information to help guide you through having a dog. From choosing what is the right puppy for you to training your new best friend.

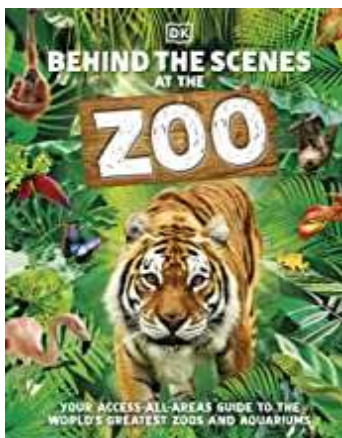

**How to... Horse Riding** by Caroline Stamps

A guide for beginners who are just starting out in the riding world. Contains practical advice and step by step photographs that show you everything you need to know.

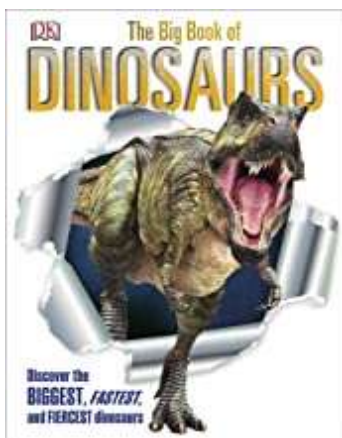

### Complete Horse Care Manual by Colin Vogel

A comprehensive manual full of important information for looking after horses, with step by step advice on creating a safe and healthy environment for you and your horse.

### Behind the Scenes at the Zoo by DK books

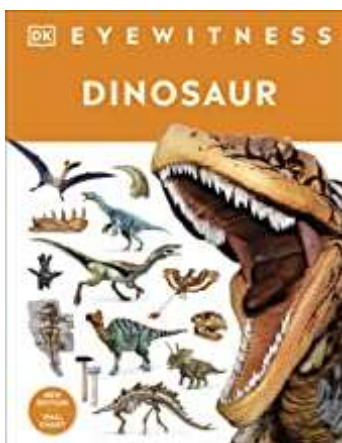

If you love visiting zoo's, aquariums or simply love animals, then Behind the Scenes at the Zoo is well worth a read. Fantastic photographs with information on awesome enclosures to handling snakes this gives you a real insight to what it's all about.

### The Big Book of Dinosaurs by Angela Wilkes and Darren Naish

Amazing illustrations of your favourite dinosaurs. How many teeth did a Tyrannosaurus rex have? How long was the Elasmosaurus' neck?

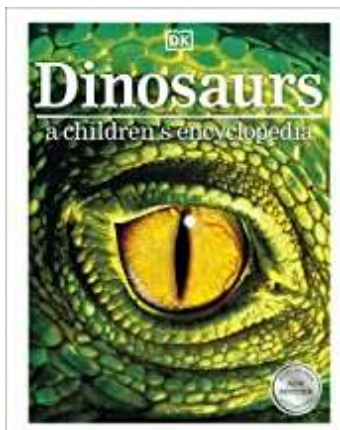

Full of amazing information and fun

### Eyewitness Dinosaur by David Lambert

Travel back in time to a world filled with fearsome predators and long necked giants.

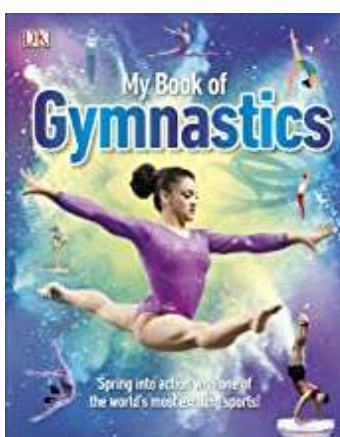

From meat-eaters to plant-eaters this book is full of brilliant illustrations and interesting information about these prehistoric creatures that once roamed the earth.

Dinosaurs a children's encyclopaedia by DK books

Beautiful illustrations showing off the biggest, scariest and weirdest animals that have ever walked or lived on our planet – The Dinosaurs.

This is a must for any dinosaur fan...

My Book of Gymnastics by Vincent Walduck

Learn all about the world of gymnastics, from artistic gymnastics to trampolining.

Discover the different events, such as the vault, floor and pommel horse, and the daring moves that top gymnasts including Simone Biles and Max Whitlock perform in their breath-taking routines.

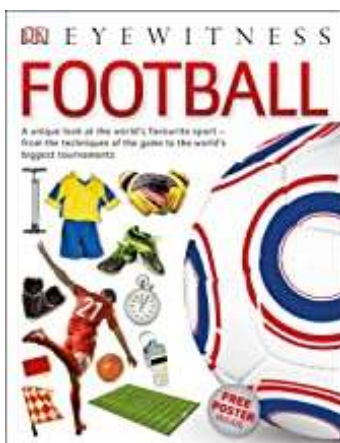

GOAL! By DK Books

Did you know?

In a 90-minute match a player spends just three minutes on the ball, and that referees run 12 miles per match – 5 miles more than the average player...

So, if you want to get on top of your football game this may be the book for you...

Football by Hugh Hornby

Discover why heading a ball in the 1870s could be dangerous, and how modern gloves make a goalkeeper's job easier.

Learn how over time this game has evolved from ancient China to the way it is played today...
