

# HOOK JUNIOR SCHOOL

## Topic Books for Year 4 Summer Term

Britain in the Past aims to give younger children an understanding of everyday life in Britain for both rich and poor through fact-filled text, exciting illustrations and photographs of artefacts and re-enactors. Feature boxes, maps and lists complete the picture.

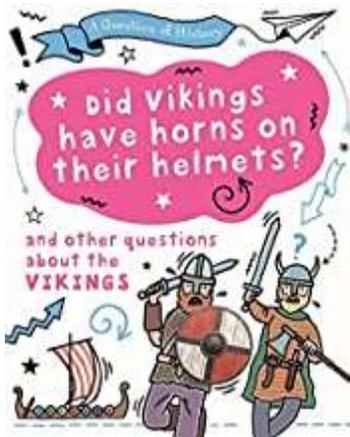

Vikings offers a look at life in Britain from 793 CE, when the first Viking attack took place. Viking customs, culture, warfare and everyday life are all investigated, as well the conflicts with existing Anglo-Saxon society in Britain.

Travel back to the time of the Vikings! Where did they come from and where did they settle? What beliefs and traditions did they bring with them? How do we know about the Vikings? Explore this ancient civilisation to understand how prehistoric people have influenced the way we live today. Discover the artefacts that give evidence of their way of life.

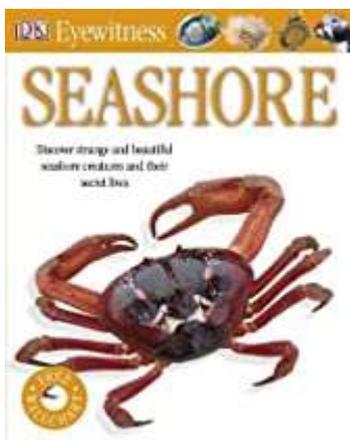

Read all about it! Get your special edition copy of the Viking Express today! Like a Viking warrior's muscles, it is bulging with news and features, including headline news, religious news, farming news, food and drink, fashion highlights, arts and entertainment, property, handy hints and even items for sale. In here, you will find everything you need to know about what's been going on in Britain with the Vikings around.

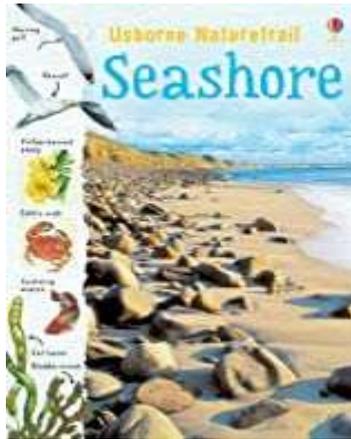

Why did Viking houses smell of fish (eww)? Did they really have horns on their helmets? And were the Vikings really the vainest people in Europe?

With an engaging question and answer format, this series draws young readers into the fascinating, sometimes gruesome, world of famous peoples and civilisations through history. Each spread opens with a simple question, opening up an exploration of an aspect of the life of a people or civilisation and busting some popular myths along the way!

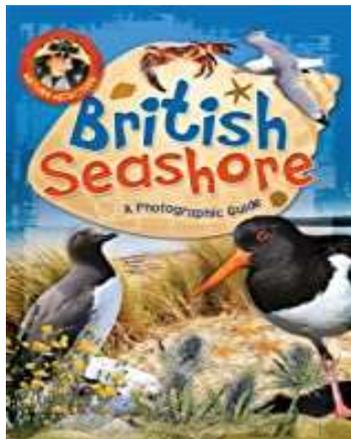

DK Eyewitness Seashore is an intriguing and captivating introduction to the demanding conditions of life on the seashore. Stunning photographs of fish, crustacea, and seabirds offer your child a unique "eyewitness" view to the story of the seashore.

Show your child how a sea-urchin disguises itself or find out how a crab can grow a new leg. They'll reel in all the amazing secrets of the Earth's shorelines from the various fish in the sea and other beach critters, the effects of coastal pollution and their responsibilities as a visitor to the beach.

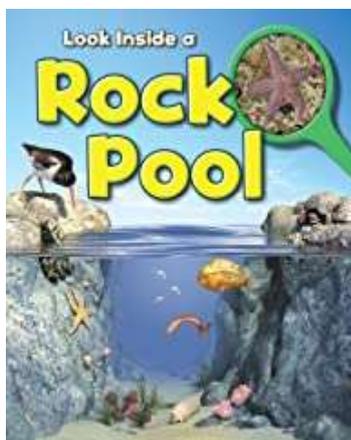

This is an introduction to all the amazing flora and fauna to be found on the seashore, packed with facts and clues to look for to discover the secrets of seashore life. It includes practical step-by-step instructions for gently picking up crabs, making a rock pool viewer and much more. It comes with internet links to recommended websites with seashore games, activities and online identification guides.

Easy-to-follow identification guides for nature-loving children who want to find out more about British seaside wildlife, in rockpools or on a coastal walk.

Includes the most common plants, insects, crustaceans, seaweeds, molluscs and birds found on British seashores today. From shells and anemones, to jellyfish and crabs, lugworms, urchins, sand hoppers, butterflies and gulls, a world of wildlife waits for you to discover it. Full descriptions of each, along with their scientific name, size, family and food. Stunning large colour photographs help to make identification easy.

Look inside a rock pool and discover a world of inhabitants! A close look at this microhabitat reveals an unbelievable variety of organisms. Vibrant photographs and detailed illustrations combine to make these books informative and engaging. A visual table of contents helps readers navigate the text, and informative labels make the photographs valuable sources of information.
