

Child Protection Policy 2023-2024

Date Reviewed:	September 2023
Next Review:	September 2024 or when legislation changes
Review Cycle:	At least annually in line with DfE, HSCP and HCC requirements and other relevant statutory guidance.
Reviewing committee:	Full Governing Body
Safeguarding Governor:	Chris Bass
Reviewers:	Safeguarding Governor & HT (DSL)
Linked Policies:	All school policies, ethos, practice & procedures.
Policy is based upon:	HCC Model Policy and Guidelines September 2023 KCSIE 2023 Working Together to Safeguard Children 2018
Ratification Date:	September 2023
Signed Headteacher:	L. Martin
Signed Chair of Governors:	Gareth Evans

Hook Junior School Child Protection Policy

Policy Statement

*'Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child centred. This means that they should consider, at all times, what is in the **best interests** of the child.'* KCSiE 2023.

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of "it could happen here" where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school, and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Specific guidance is available to staff within the procedure documents.

1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues
- To provide staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.

2. Legislation and statutory guidance

This policy is based on the Department for Education's (DfE's) statutory guidance [Keeping Children Safe in Education \(2023\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners (see section 3).

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least 1 person conducting an interview to be trained in safer recruitment techniques

- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- [The Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- [The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- [The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 (referred to in this policy as the "2018 Childcare Disqualification Regulations") and Childcare Act 2006, which set out who is disqualified from working with children

Our safeguarding policy will refer to locally agreed multi-agency procedures that have been put in place by the school's 3 safeguarding partners. The local authority (LA), Integrated care boards (previously known as clinical commissioning groups) for an area within the LA, The chief officer of police for a police area in the LA area

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm. It is an aspect of safeguarding but is focused on how we respond to children who have been significantly harmed or are at risk of significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. It could mean neglect, physical, emotional or sexual abuse or any combination of these, as well as children witnessing domestic abuse. Parents, carers and other people can harm children either by direct acts and / or failure to provide proper care. Explanations of these are given within the procedure document.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

Children/child includes anyone under the age of 18. This will apply to pupils of our school.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- The chief officer of police for a police area in the LA area

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

Staff applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors.

Parent refers to birth parents and other adults in a parenting role for example adoptive parents, step-parents, guardians and foster carers.

4. Equality statement

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs and/or disabilities (SEND) or health conditions (see section 10)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 12)
- Are missing or absent from education for prolonged periods and/or repeat occasions
- Whose parent/carer has expressed an intention to remove them from school to be home educated

5. Principles and Values

- Children have a right to feel secure and cannot learn effectively unless they do so.
- All children have a right to be protected from harm.
- All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, whilst taking into account any contextual safeguarding.
- We acknowledge that it is essential that we work in partnership with other agencies that protect children and reduce risk and so we will engage in partnership working throughout the child protection process to safeguard children.

- Whilst the school will work openly with parents as far as possible, it reserves the right to contact Children's Social Care or the police, without notifying parents if this is believed to be in the child's best interests.
- All adults working within the school should maintain professional curiosity if they are concerned about a child.

6. Leadership and Management

We have established clear lines of accountability, training and advice to support the process of child protection and individual staff within that process.

In this school, any individual can contact the Designated Safeguarding Lead (DSL) or their Deputy (DDSL) if they have concerns about a child or young person.

The DSL is Lynn Martin (Headteacher)

The DDSLs are, Nicci Bailey (Deputy Headteacher), Jo Carne (Attendance & Behaviour Leader), Danielle Stewart (Assistant Headteacher), Andrew McLaren (Assistant Headteacher).

There is a nominated safeguarding governor, Chris Bass who will take leadership responsibility for safeguarding. The Chair of Governors Gareth Evans will receive reports of allegations against the headteacher and act on the behalf of the governing body.

As an employer we follow safer recruitment guidance as set out in KCSiE 2023 including informing shortlisted candidates that online searches will be carried out.

7. Training

All staff in our school are expected to be aware of the signs and symptoms of abuse and must be able to respond appropriately.

Whole school safeguarding and child protection training is provided annually.

Whole school staff briefings and updates on child protection and safeguarding is provided every three weeks.

Separate training is provided to all new staff on appointment by the DDSLs.

The DSL and DDSLs will attend training at least every other year to enable them to fulfil their role.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training. This policy will be updated during the year to reflect any changes brought about by new guidance.

Governor training is provided as required by KCSiE 2023

8. Referral

Following any concerns raised, the DSL/DDSL will assess the information and consider if significant harm has happened or there is a risk that it may happen. If the evidence suggests the threshold of significant harm, or risk of significant harm has been reached, or if it is not clear if the threshold is met, the DSL/DDSL will contact Children's Social Care and, if appropriate, the police. If the DSL or DDSL is not available or there are immediate concerns, the staff member will refer directly to Children's Social Care and the police if appropriate. We will use the guidance from NPCC to determine when to contact the police.

Generally, the DSL/DDSLs will inform the parents prior to making a referral. However, there are situations where this may not be possible or appropriate, particularly when informing parents, may place the child at further risk.

N.B. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police. The DSL should also be made aware.

9. Confidentiality

- We maintain that all matters relating to child protection are to be treated as confidential and only shared as per the 'Information Sharing Advice for Practitioners' (DfE 2018) guidance

- There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.
- Information will be shared with individuals within the school who 'need to know'.
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests, they cannot promise a child to keep a disclosure confidential
- Timely information sharing is essential to effective safeguarding
- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk

If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:

- There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
- The DSL/DDSL will have to balance the victim's wishes against their duty to protect the victim and other children

The DSL/DDSL should consider that:

- Parents or carers should normally be informed (unless this would put the victim at greater risk)
- The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
- Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains

Regarding anonymity, all staff will:

- Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
- Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, carefully considering which staff should know about the report, and any support for children involved
- Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities

The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information

If staff are in any doubt about sharing information, they should speak to the DSL or DDSL

Roles and responsibilities within Hook Junior School

All Staff, responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this, they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop skills they need to recognise, assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and be alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- Recognise that abuse, neglect, or other adverse childhood experiences, can have an impact on the mental health, behaviour and education of children.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a DDSL should be informed
- Be prepared to refer directly to social care, and the police if appropriate, if there is a risk of significant harm and the DSL or DDSL is not available.
- Follow the allegations procedures if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the HSCP and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to “keep a secret”.
- Notify the DSL or DDSL of any child on a child protection plan or child in need plan who has unexplained absence.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and DDSLs are and know how to contact them.

All staff who work directly with children and staff who do not work directly with children will:

- Read and understand part 1 and annex B of the Department for Education’s statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually
- Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they’ll be interacting with online)
- Provide a safe space for pupils who are LGBTQ+ to speak out and share their concerns

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the behaviour policy, staff code of conduct, child on child abuse procedures, the safeguarding response for children who go missing from education, low level concern policy, whistleblowing policy, online safety policy
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children’s social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child-on-child abuse, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence

(including that linked to county lines)

- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) lesbian, gay, bi or trans (LGBTQ+) can be targeted by other children
- What to look for to identify children who need help or protection

Senior Leadership Team responsibilities:

- Contribute to inter-agency working in line with 'Working Together to Safeguard Children 2018 guidance'
- Provide a co-ordinated offer of early help when additional needs of children are identified
- Ensure staff are alert to the various factors that can increase the need for early help (*para 20 KCSiE 2023*)
- Working with Children's Social Care, support their assessment and planning processes including the school's attendance at conference and core group meetings.
- Carry out tasks delegated by the governing body such as training of staff, safer recruitment and maintaining a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.
- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from Department for Education (DfE) and the Hampshire Safeguarding Children Partnership (HSCP) procedures.
- Determine if a concern about a member of staff is a 'low level concern' or an allegation¹

The Headteacher

The headteacher is responsible for:

- The implementation of this policy
- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Ensuring that staff (including temporary staff) and volunteers understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- Communicating this policy to parents/carers when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this

Governing body responsibilities

- Ensure the school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a response to children who go missing from education.
- Ensure HSCP is informed in line with local requirements about the discharge of duties via the annual safeguarding audit.
- Recruitment, selection and induction follows safer recruitment practice, including all appropriate checks.
- Allegations against staff are dealt with by the headteacher. Allegations against the headteacher are dealt with by the Chair of Governors.
- A member of the Senior Leadership Team is appointed as Designated Safeguarding Lead (DSL) and has this recorded in their job description.

- Any safeguarding deficiencies or weaknesses are remedied without delay
- A nominated governor for safeguarding is identified.
- The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate
- All governors will read Keeping Children Safe in Education in its entirety

The governing body will:

- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- Appoint a governor with responsibility for safeguarding to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.
- Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners
- Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness. This includes:
 - Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
 - Reviewing the [DfE's filtering and monitoring standards](#), and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards

Make sure:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 3 of this policy covers this procedure
- That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
 - Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed
 - Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
 - Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply

DSL and DDSL responsibilities

(to be read in conjunction with DSL and DDSL role description in KCSiE)

In this school the DSL is Lynn Martin

The Deputy DSLs are: Nicci Bailey, Jo Carne, Andrew McLaren, Danielle Stewart

The DSL is a member of the senior leadership team. The DSL takes lead responsibility for child protection and wider safeguarding in the school. This includes online safety, and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

When the DSL is absent, the DDSLs (named above) will act as cover.

If during school hours, the DSL and DDSLs are not available, Melanie Walker (Headteacher and DSL of Hook Infant School) will act as cover.

In addition to the role of all staff and the senior leadership team, the DSL will

- . Refer cases to social care, and the police where appropriate, in a timely manner avoiding any delay that could place the child at more risk.
- . Assist the Governing Body in fulfilling their safeguarding responsibilities set out in legislation and statutory guidance.
- . Attend appropriate training and demonstrate evidence of continuing professional development to carry out the role.
- . Ensure every member of staff knows who the DSL and the Deputy are, have an awareness of the DSL role and know how to contact them.
- . Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and their responsibility for referring any concerns about a child to the DSL and concerns about an adult to the headteacher.
- . Ensure that those staff that need to know, are aware of those children who have experienced, or are experiencing abuse in order to promote their educational outcomes and provide the appropriate support.
- . Ensure whole school training occurs regularly with at least annual updates so that staff and volunteers can fulfil their responsibilities knowledgeably.
- . Ensure any members of staff joining the school outside of the agreed training schedule receive induction training prior to the commencement of their duties.
- . Keep records of child protection concerns securely and separate from the main pupil file and use these records to support the assessment and likelihood of risk.
- . Ensure that safeguarding records are transferred accordingly (separate from pupil files) and in a timely fashion when a child transfers school, including in-year transfers.
- . Ensure that where a pupil transfers school and is on a child protection plan or is a child looked after, their information is passed to the new school immediately and that the child's social worker is informed. Consideration is given to a transition meeting prior to moving if the case is complex or on-going.
- . Be aware of the training opportunities and briefings provided by HSCP to ensure staff are aware of the latest local guidance on safeguarding.
- . Develop, implement and review procedures in the school that enable the identification and reporting of all cases, or suspected cases, of abuse.
- . Meet any other expectations set out for DSLs in KCSiE 2023
- . The DSL will be given the time, funding, training, resources and support to:
 - › Provide advice and support to other staff on child welfare and child protection matters
 - › Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
 - › Contribute to the assessment of children
 - › Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
 - › Have a good understanding of harmful sexual behaviour

- › Have a good understanding of the filtering and monitoring systems and processes in place at our school

The DSL will also:

- › Liaise with local authority case managers and designated officers for child protection concerns as appropriate
- › Discuss the local response to sexual violence and sexual harassment with police and local authority children's social care colleagues to prepare the school's policies
- › Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- › Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search

Hook Junior School Child Protection Procedures

Overview

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or is at risk of harm.

The prime concern at all stages must be for the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children, those with disabilities, special needs, certain medical conditions or with language deficit/English as a second language may have more difficulty in communicating concerns or feelings. They may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility, which will include children (for example younger siblings) visiting the site in addition to pupils.

If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or is in immediate danger. **Anyone can make a referral.**

Tell the DSL (see Useful Contacts) as soon as possible if you make a referral directly.

If a member of staff suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information on paper then scan this with any additional notes into CPOMS. Notes on CPOMS must be detailed.
2. Report it to the DSL or DDSL immediately
3. The DSL/DDSL will consider if there is a requirement for immediate medical intervention. Urgent medical attention should not be delayed if the DSL is not immediately available
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence. Include everything that has happened, including details of:
 - Dates and times of observations
 - Dates and times of any discussions in which they were involved
 - Any injuries
 - Explanations given by the child / adult
 - What action was taken
 - Any actual words or phrases used by the child

The records must be signed and dated by the author with an equivalent procedure in place for electronic

based records

In the absence of the DSL or their Deputy, be prepared to refer directly to Children's Social Care (and the police if appropriate) if there is the potential for immediate, significant harm.

Following a report of concerns the DSL/DDSL must:

1. Decide whether or not there are sufficient grounds for suspecting significant harm, in which case a referral must be made to Children's Social Care and the police if it is in keeping with the National Police Chiefs Council "[When to call the Police](#)" guidance. The rationale for this decision should be recorded by the DSL/DDSL
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible seek their agreement before making a referral to Children's Social Care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could have an impact on a police investigation. Where there are doubts or reservations about involving the child's family, the DSL/DDSL should clarify with Children's Social Care or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account when appropriate.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm the DSL (or Deputy) must contact Children's Social Care via the Inter-Agency Referral Form (IARF), making a clear statement of:
 - the known facts
 - any suspicions or allegations
 - whether or not there has been any contact with the child's family.

If there is indication that the child is suffering significant harm, a call will also be made to Children's Reception Team (CRT) on 01329 225379.

1. If a child is in immediate danger and urgent protective action is required, the police must be called. The DSL/DDSL must then notify Children's Social Care of the occurrence and what action has been taken.
2. When a pupil needs *urgent* medical attention and there is suspicion of parental abuse causing the medical need, the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital and inform Children's Social Care. Advice should be sought from Children's Social Care about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.
3. If there is not a risk of significant harm, the DSL/DDSL will either actively monitor the situation or consider the Early Help process.
4. In cases of allegations against staff or low level concerns, the HSCP procedure or the school Low Level Concerns (LLC) procedure will be followed.

Annex 1: Flowchart for child protection procedures

CRT:
Children's Reception Team

DSL:
Designated Safeguarding Lead

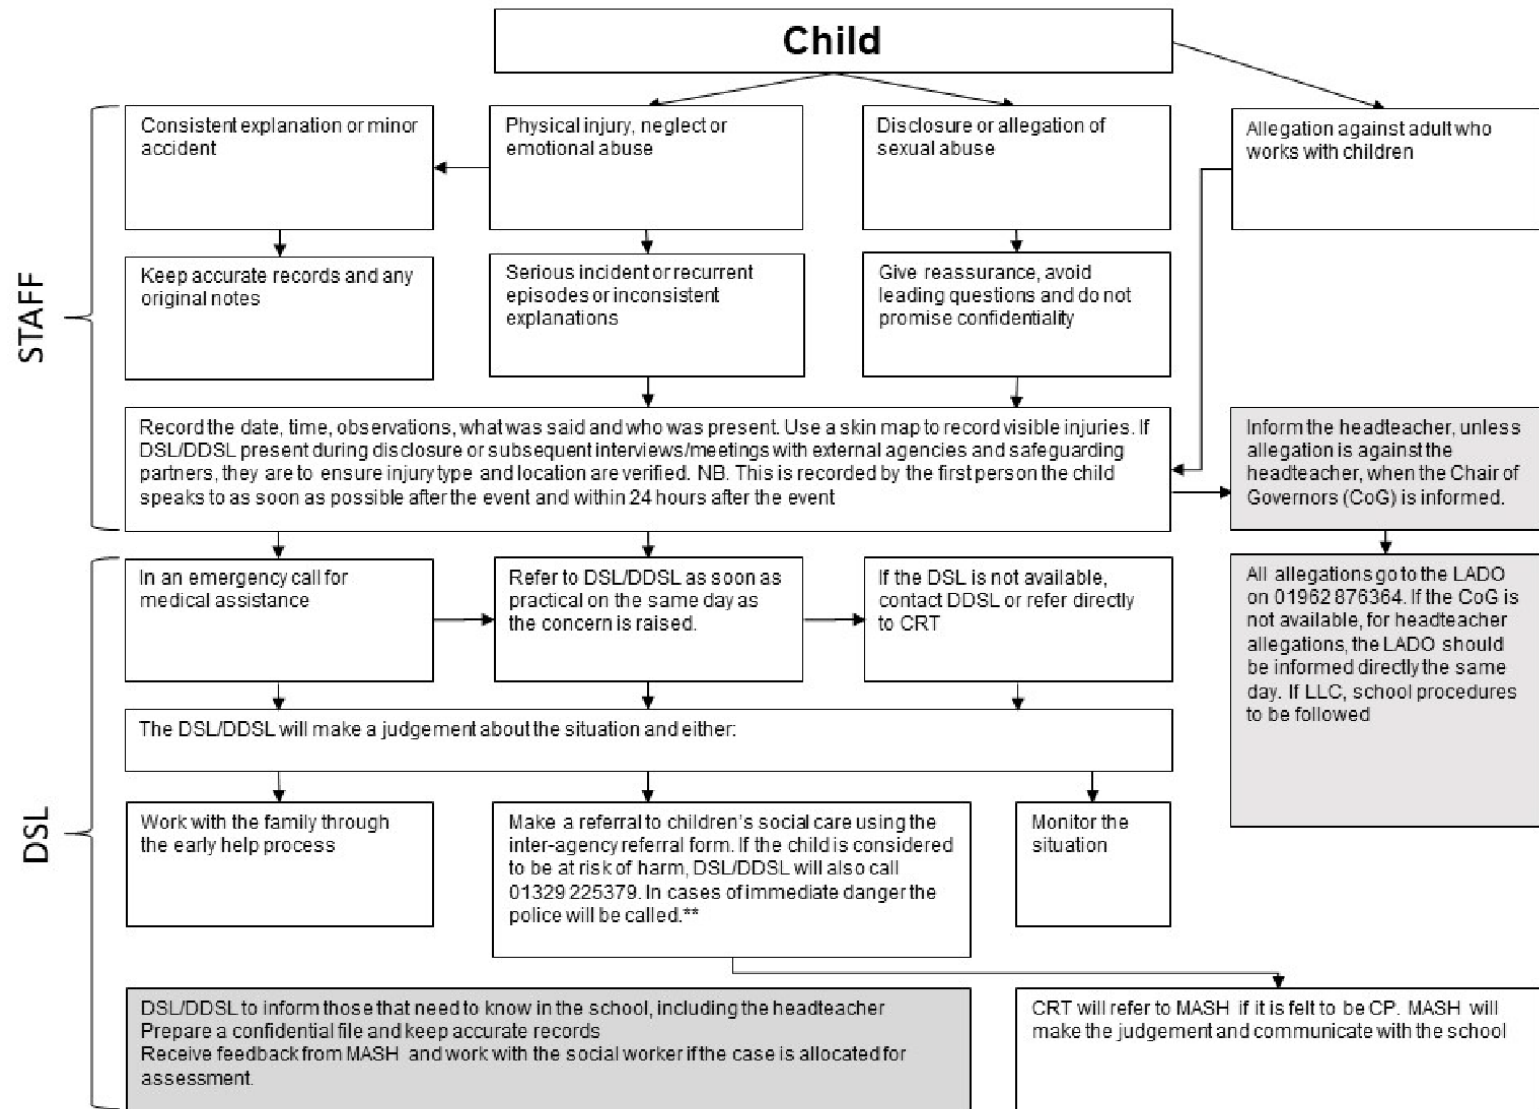

MASH:
Multi Agency Safeguarding Hub

CP:
Child protection

LLC:
Low Level Concern

* In the cases of known FGM, the teacher who was made aware will also contact the police

** The HSCP thresholds chart (Jul 19) may be used to help guide the referral decision (Appendix A to Annex 1)

Any additional information:

Annex 4: Dealing with disclosures

If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the write-up and pass it on to the DSL/DDSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly and tell the DSL as soon as possible that you have done so. Aside from these people, do not disclose the information to anyone else unless told to do so by a relevant authority involved in the safeguarding process

Bear in mind that some children may:

- Not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- Not recognise their experiences as harmful
- Feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a '**professional curiosity**' and speaking to the DSL/DDSL if you have concerns about a child.

All staff should:

A member of staff who is approached by a child should maintain a positive attitude and try to reassure them. They should not promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preferred communication method.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the right to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles, the seven R's

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details

- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened
- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and to whom you need to talk. Reassure the pupil that it will be a senior member of staff in confidence.

Report

- Share concerns with the DSL /DDSL as soon as possible by speaking to them directly or over the phone in the first instance, or through your recorded account via CPOMS
- If you are not able to contact your DSL or the Deputy, and the child is at risk of immediate harm, contact the children's services social care department directly.

Record

- If possible, make some very brief notes at the time, and write them up, or scan your notes into CPOMS as soon as possible
- Keep your original notes on file
- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising or marks
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'.

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it.
- All staff should be aware that children may not feel ready or know how to tell somebody that they are being abused, exploited or neglected and/or they may not recognise their experiences as harmful.

Review (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

What happens next?

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL/DDSL what has happened after the report being made. If they do not receive this information, they should be proactive in seeking it out.

If a staff member believes that their concerns have not been dealt with effectively or that the child remains at risk, they should initially ask the DSL/DDSL to reconsider ensuring that the risks are understood. If this does not result in a satisfactory outcome, or the DSL/DDSL rationale appears to miss the risk to the child, then the Whistleblowing procedures of the school should be followed. If the DSL is unhappy with the response from Children Social Care, they should consider following the HSCP escalation protocol.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that they have followed the procedure correctly and that their swift actions will enable the allegations to be handled appropriately. For some staff, use of an employee-based counselling service may be appropriate.

Annex 5: Allegations against adults who work with children

We operate a separate Low Level Concerns Policy encompassing reference to the Staff Code of Conduct.

Working Together to Safeguard Children (2018) states that organisations should have clear policies for dealing with allegations against people who work with children. Those policies should make a clear distinction between an allegation, a complaint or a concern about the quality of care or practice.

Allegations as defined by KCSiE should be reported to the LADO. Complaints or concerns can be managed independently by the school under internal procedures.

Dealing with concerns and allegations against staff

If a concern is raised about the practice or behaviour of a member of staff, this information will be recorded and passed to the headteacher **Lynn Martin**.

The headteacher will make an assessment to determine if the matter is a 'low level concern' or an 'allegation'.

The Local Authority Designated Officer (LADO) will be contacted for all allegations and the relevant guidance will be followed.

If the headteacher needs advice or guidance they will contact the LADO.

If the allegation is against the headteacher, the person receiving the allegation will contact the LADO or Chair of Governors directly.

Complaints could include: -

- Breaches of the code of Conduct
- Any breach of data protection or confidentiality
- Poor behaviour management
- Inappropriate use of social media
- Misadministration of medication

Concerns could include: -

- Inappropriate use of language, shouting or swearing
- Discussing personal or sexual relationships with, or in the presence, of pupils
- Making (or encouraging others to make) unprofessional comments which scapegoat, demean or humiliate children, or might be interpreted as such.
- Behaviours which make a child feel threatened, anxious, uncomfortable
- Behaviours which may show favouritism or unfair treatment towards a child

Lower Level Concerns LLC's, which do not reach the allegations harm threshold (or complaints criteria) should be dealt with under a school LLC procedure.

Procedure for Allegations that meet the harm threshold.

This procedure should be used in all cases when it is alleged a member of staff, supply staff, volunteer, Governor, or another adult who works with children has either:

- **behaved in a way that has harmed a child, or may have harmed a child; or**
- **possibly committed a criminal offence against or related to a child; or**
- **behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or**
- **behaved or may have behaved in a way that indicates they may not be suitable to work with children.**

When considering allegations of suitability, (the fourth criteria above) the LADOs would consider the following situations:

Parents of children who are placed on a CIN plan or are receiving Early Help;

Arrests for offences against adults;

Presentation to other professionals around mental health, domestic abuse and/or substance misuse;

Extreme political or religious viewpoints which could be considered Hate Crime;

Concerns about behaviour in their private lives which may impact on children

In any of these situations the LADO criteria for intervention will be assessed against the likelihood and impact of transferable risk to children.

In line with our referral process:

- Staff will report any concerns about the conduct of any member of staff, supply staff or volunteer to the headteacher as soon as possible.
- If an allegation is made against the headteacher, the concerns need to be raised with the Chair of Governors as soon as possible. If the Chair of Governors is not available, then the LADO should be contacted directly.
- There may be situations when the headteacher or Chair of Governors will want to involve the police immediately, if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the headteacher or Chair of Governors, they will contact the LADO on 01962 876364 or child.protection@hants.gov.uk as soon as possible and before carrying out any investigation into the allegation.
- Inform the parents of the allegation unless there is a good reason not to

In liaison with the LADO, the school will determine how to proceed and if necessary, the LADO will refer the matter to Children's Social Care and/or the police.

When receiving information from outside agencies about school staff, the LADO will assess the potential for transferable risk, and make a disclosure to the school where there is the likelihood of transferable risk to children and there is a pressing need.

If the matter is investigated internally, the LADO will advise the school to seek guidance from their personnel/HR provider in following procedures set out in Part 4 of 'Keeping Children Safe in Education' (2023) and the HSCP procedures.

Supply Staff

While supply staff are not employees of the school, it is still required that the school report the allegation to the LADO.

If the matter requires an internal investigation, this will be carried out by the school in liaison with an HR rep (acting as the employer) from the supply agency.

Lower Level Concerns (LLCs)

The LLC policy is part of the whole school approach to safeguarding. The purpose of the policy is to encourage an open and transparent culture, which enables the school to identify concerning, problematic or inappropriate behaviour at an early stage. It should also empower staff to share LLCs with the DSL. LLCs will be managed independently by the school under internal procedures.

Examples of LLCs include, but is not limited to: -

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or,
- using inappropriate sexualised, intimidating or offensive language.

The LLC policy will: -

- Ensure that staff are clear about what constitutes appropriate behaviour, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others;
- Empower staff to share any low-level safeguarding concerns with the DSL
- Address unprofessional behaviour and support the individual to correct this at an early stage.
- Provide a responsive, sensitive and proportionate handling of such concerns when they are raised.
- Help identify any weakness in the school safeguarding system.

In line with the LLC policy: -

- All LLCs will be shared responsibly with the DSL, recorded in writing and dealt with in an appropriate and timely manner.
- All LLCs will be reviewed, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified.
- If LLCs are found to be escalating and are reaching the harm threshold, A referral will be made to the LADO.

If there is any doubt about the level at which behaviour needs to be addressed, LADO advice will be taken.

Annex 6: Sexual violence and sexual harassment between children in schools (refer to P5 of KCSiE)

Child on child

Dealing with children abusing children

If a concern is raised that a child under 18 abusing another child under 18, the 'Child on Child Abuse' guidance will be followed.

Context

This policy is about how staff should respond to all reports and concerns of child-on-child sexual violence and sexual harassment, including those that have happened outside of school or college premises, and or online. All staff are advised to maintain an attitude of "It could happen here"

Schools and colleges not recognising, acknowledging or understanding the scale of harassment and abuse, and /or downplaying some behaviours relating to abuse can lead to a culture of unacceptable behaviour, an unsafe environment and in a worst case scenario a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This can adversely affect their educational attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. It is also important to recognise that some perpetrators may themselves also be victims.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children and young people including school and college staff are supported and protected as appropriate.

Policy

We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and by other children.

We recognise that children are capable of abusing their peers and this will be dealt with under our child protection policy and in line with KCSiE (2023)

This policy is underpinned by the principle that there is a zero-tolerance approach to sexual violence and sexual harassment. We are clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up.

We will minimise the risk of child-on-child abuse by: -

Prevention:

- Taking a whole school approach to safeguarding and child protection
- Providing training to staff
- Providing a clear set of values and standards, underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence-based content delivered through the curriculum
- Engaging with specialist support and interventions.

We will educate pupils to recognise when they are at risk and how to get help when they need it through:

- The content of the curriculum tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with SEND
- A school ethos which helps children to feel safe and able to talk freely about their concerns, believing that they will be listened to and valued.
- Every child having access to a 'trusted adult' in the school.
- Children will be taught about how to keep themselves and others safe when on-line
- Children will be taught about risks, how to manage risks and strategies to keep themselves safe.

Responding to reports of sexual violence and sexual harassment:

- Children making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be supported.
- Understanding that our initial response to a report from a child is incredibly important and can encourage or undermine the confidence of victims of sexual violence and harassment to report or to come forward in the future.
- If the report includes an online element, staff will be mindful of the Searching, Screening and Confiscation: advice for schools (DfE 2018) guidance.
- Staff taking the report will inform the DSL or their Deputy as soon as practicably possible but at least within 24 hours.
- Staff taking a report will never promise confidentiality.
- Parents or carers will normally be informed (unless this would put the child at greater risk).
- If a child is at risk of harm, is in immediate danger, or has been harmed, a referral will be made to Children's Social Care (01329 225379).

Risk Assessment:

Following a report, the DSL/DDSL will make an immediate risk and needs assessment on a case-by-case basis.

The risk assessment will consider:

- The victim, especially their protection and support.
- The alleged perpetrator, their support needs, and any disciplinary action.
- All other children at the school.
- The victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments. These professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Action: The DSL /DDSL will consider: -

- The wishes of the victim.
- The nature of the incident including whether a crime has been committed and the harm caused.
- Ages of the children/young people involved.
- Developmental stages of the children/young people.
- Any power imbalance between the children/young people.
- Any previous incidents.
- On-going risks.

- Other related issues or wider context.

Options: The DSL /DDSL will manage the report with the following options: -

- Manage internally
- Refer to Early Help
- Refer to Children's Social Care
- Report to the police (generally in parallel with a referral to Social Care)

Ongoing Response:

- **All** concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. Records should be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and addressed.
- The DSL/DDSL will keep the risk assessment under review.
- The DSL/DDSL will manage each report on a case-by-case basis and will keep the risk assessment under review.
- Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim during that investigation.
- The DSL/DDSL will consider how best to keep the victim and perpetrator apart on school premises and transport where appropriate.
- Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view, that allowing the perpetrator to remain in the same school would seriously harm the education or welfare of the victim (and potentially other pupils and students).
- Where a criminal investigation into sexual assault leads to a conviction or caution, the school will, if it has not already, consider any suitable sanctions in light of their behaviour policy, including consideration of permanent exclusion. Where the perpetrator is going to remain at the school, the principle of keeping the victim and perpetrator in separate classes where possible should be maintained and continued. Consideration would be given to the most appropriate way to manage potential contact on school premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.
- The victim, alleged perpetrator and other witnesses (children and adults) will receive appropriate support and safeguards on a case-by-case basis.
- When ongoing support is required by the victim, the victim should be asked whether they would find it helpful to have a designated trusted adult to talk about their needs. The choice of any such adult should be made by the victims (as far as reasonably possible) and this choice should be supported.
- The school will take any disciplinary action against the alleged perpetrator in line with behaviour and discipline in the school.
- The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

Unsubstantiated, unfounded, false, or malicious reports

- If a report is determined to be unsubstantiated, unfounded, false or malicious, the designated safeguarding lead should consider whether the child and/or the person who has made the allegation is in need of help or may have been abused by someone else and whether this is a cry for help. In such circumstances, a referral to children's social care may be appropriate.
- If a report is shown to be deliberately invented or malicious, the school, should consider whether any disciplinary action is appropriate against the individual who made it as per their own behaviour policy.

Physical Abuse

While a clear focus of child-on-child abuse is linked to sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and, if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police

investigation will need to take priority.

Annex 7: Online Safety

As a school essential that we safeguard children from potentially harmful and inappropriate online material.

A comprehensive approach to online safety empowers staff to protect and educate pupils, students, and colleagues in their use of technology and establishes the following mechanisms to identify, intervene in, and escalate any concerns where appropriate.

We ensure that online safety is a running and interrelated theme when devising and implementing policies and procedures. We have a separate online safety policy, available from [the Policies page of our website](#).

There should be appropriate filtering and monitoring in place on all school devices and school networks. That staff training should include understanding roles and responsibilities in relation to filtering and monitoring. To support schools with this the DfE have produced the following guidance: [Meeting digital and technology standards in schools and colleges - Filtering and monitoring standards for schools and colleges - Guidance - GOV.UK \(www.gov.uk\)](#)

Education settings are directly responsible for ensuring they have the appropriate level of security protection procedures in place in order to safeguard their systems, staff and learners and review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies. Guidance on e-security is available from the [National Education Network](#). In addition, schools and colleges should consider meeting the [Cyber security standards for schools and colleges.GOV.UK](#). Broader guidance on cyber security including considerations for governors and trustees can be found at [Cyber security training for school staff - NCSC.GOV.UK](#)

We will consider how online safety is reflected as required in all relevant policies and embedded across all areas of the curriculum, included in teacher training and within the role and responsibilities of the designated safeguarding lead as well as discussions with parents

The breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
- **contact:** being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes’.
- **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying; and
- **commerce** - risks such as online gambling, inappropriate advertising, phishing and or financial scams. If we feel pupils, students or staff are at risk, we will report it to the Anti-Phishing Working Group (<https://apwg.org/>).

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as ‘mobile phones’)
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

To meet our aims and address the risks above, we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online

- How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
- Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
- Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
- Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

Annex 8: Whistleblowing

Whistleblowing in a safeguarding context

We have a whistleblowing policy and procedure. Whistleblowing procedures protect staff members who report colleagues they believe are doing something wrong or illegal, or who are neglecting their duties.

This does not replace the whistleblowing policy and should be read in conjunction with the school policy.

The whistleblowing policy is not designed to be used for concerns that fall under statutory procedures (for example child protection or allegations against staff) as these should be reported under the relevant procedures. However, the whistleblowing policy will apply if there is good reason to believe that the relevant procedure is not being followed or will not be followed effectively.

Within Hook Junior School, Lynn Martin is the senior manager and responsible for all staff. If you are concerned that any member of staff within the school is not following safeguarding processes or behaving in a way that is placing children at risk, you should make the headteacher aware.

If your concern is about the headteacher, you should raise this with the Chair of Governors.

If you would prefer to raise your concerns outside the school environment, you can contact the NSPCC whistleblowing line on 0800 028 0285 or email help@nspcc.org.uk for national organisations.

Alternatively, you can contact Children's Social Care by calling 0300 555 1384 (office hours) or 0300 555 1373 (outside of office hours) or the Local Authority Designated Officer on 01962 876364

Annex 9: Briefing sheet for temporary and supply staff

For supply staff and those on short contracts in Hook Junior School

While working in Hook Junior School, you have a duty of care towards the children and young people here.

This means that at all times you should act in a way that is consistent with their safety and welfare. In addition, if at any time you have a concern about a child or young person, particularly if you think they may be at risk of abuse or neglect, it is your responsibility to share that concern with the school designated safeguarding lead (DSL/DDSL), whose names are detailed in this policy.

This is not an exhaustive list but you may have become concerned as a result of:

- Observing a physical injury, which you think may have been non-accidental.
- Observing something in the appearance of a child or young person which suggests they are not being sufficiently well cared for.
- Observing child behaviour that leads you to be concerned about a child or young person.
- A child or young person telling you that they have been subjected to some form of abuse
- Observing adult behaviour that leads you to be concerned about their suitability to work with children or young people.

In any of the circumstances listed here, you must write down what you saw or heard, date and sign your account, and give it to the DSL/DDSL as soon as possible and no longer than 24 hours later. This may be the beginning of a legal process – it is important to understand that legal action against a perpetrator can be seriously damaged by any suggestion that the child has been led in any way.

If a child talks to you about abuse, you should follow these guidelines:

- Rather than directly questioning the child, just listen and be supportive
- Never stop a child who is freely recalling significant events, but don't push the child to tell you more than they wish.
- Make it clear that you may need to pass on information to staff in other agencies who may be able to help – do not promise confidentiality. You are obliged to share any information relating to abuse or neglect.
- Write an account of the conversation immediately, as close to verbatim as possible. Put the date and timings on it, and mention anyone else who was present. Then sign it and give your record to the DSL who should follow due process, including contacting Children's Social Care if appropriate.

The school has a policy on safeguarding children and young people which you can find, together with the local procedures to be followed by all staff, on the school website.

If your concern involves the DSL or a member of the senior staff, contact the LADO on 01962 847364 or the NPSCC whistleblowing line on 0800 028 0285

Remember, if you have a concern, report it.

Annex 10: What is child abuse?

The following definitions are taken from *Working Together to Safeguard Children* HM Government (2018). In addition to these definitions, it should be understood that children can also be abused by being sexually exploited, through honour-based violence, forced marriage or female genital mutilation. To support the local context, all staff have access to the Hampshire Safeguarding Children Partnership (HSCP) threshold chart.

What is abuse and neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults, or another child or children.

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the

child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate caregivers)
- ensure access to appropriate medical care or treatment.

Neglect may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The HSCP neglect strategy is used to provide a more detailed summary of neglect and the local thresholds for referrals.

Indicators of abuse

NEGLECT

The nature of neglect

Neglect is a lack of parental care but poverty and lack of information or adequate services can be contributory factors.

Far more children are registered to the category of neglect on child protection plans than to the other categories. As with abuse, the number of children experiencing neglect is likely to be much higher than the numbers on the plans.

Neglect can include parents or carers failing to:

- provide adequate food, clothing and shelter
- protect a child from physical and emotional harm or danger
- ensure adequate supervision or stimulation
- ensure access to appropriate medical care or treatment.

NSPCC research has highlighted the following examples of the neglect of children under 12:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted

- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Neglect is often linked to other forms of abuse, so any concerns school staff have should at least be discussed with the DSL.

Indicators of neglect

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The HSCP neglect toolkit provides a more detailed list of indicators of neglect and is available to all staff

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food
- Destructive tendencies

EMOTIONAL ABUSE

The nature of emotional abuse

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself.

Children can be harmed by witnessing someone harming another person – as in domestic violence.

It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations (“I deserve this”)
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

PHYSICAL ABUSE

The nature of physical abuse

Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly, it is not necessary to be concerned about most of these minor injuries. However, accidental injuries normally occur on the *bony prominences* – e.g., shins. Injuries on the *soft* areas of the body are more likely to be inflicted intentionally and should therefore make us more alert to other concerning factors that may be present.

A body map can assist in the clear recording and reporting of physical abuse. The body map should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)

- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the social context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adult words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if the child or young person:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport
- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

SEXUAL ABUSE

The nature of sexual abuse

Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g., relatives, family friends, neighbours, babysitters, people working with the child in school, faith settings, clubs or activities. Children can also be subject to child sexual exploitation.

Sexual exploitation is seen as a separate category of sexual abuse. Indicators of CSE can be found in the schools safeguarding policy.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations

- Damage to genitalia, anus or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls

- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually provocative behaviour/promiscuity
- Hinting at sexual activity
- Inexplicable decline in school performance
- Depression or other sudden apparent changes in personality as becoming insecure or clinging
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly-compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Onset of insecure, clinging behaviour
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation, self-disgust
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed
- Trying to be 'ultra-good' or perfect; overreacting to criticism.
